# new year's resolutions

▶ REGISTER HERE

We might be a little late getting these out, but statistics say that most people have put their resolutions aside by now. So, here are some new ideas to start a new fundraising year with help from AFP.

1. Floss, drink more water, exercise, and eat more vegetables (those were probably the ones on your original list – just thought we'd remind you).
2. Finally get your CFRE points or ACFRE credits!
3. Network! Meet new people, especially new people who can help your next capital campaign or planned giving program grow.
4. Less online interaction, more for-real interaction.
5. Travel!

## Where's your one stop shop for your resolution list?

The Association for Fundraising Professionals' International Conference has all of the above (but please bring your own floss).
